

HILLARY ESPOSITO

UX/PRODUCT DESIGNER | HEALTHCARE SYSTEMS, INTERNAL TOOLS & COMPLEX WORKFLOWS

New York City | 908-616-2712 | espositohillary@gmail.com | hillaryesposito.org | linkedin.com/in/hillaryesposito

PROFESSIONAL SUMMARY

UX/Product Designer with 13+ years in high-stakes healthcare and military systems. Combines user research, usability testing, workflow analysis, service design, and product thinking to improve internal tools and complex processes. Delivered measurable gains in task completion, cost, cycle time, and workflow efficiency. MHA, Lean Six Sigma Green Belt, U.S. Army veteran, and bilingual English/Spanish communicator.

CORE SKILLS

Research & Strategy: user research, stakeholder discovery, usability testing, research synthesis, journey mapping, service blueprints, workflow and task analysis

Product & Interaction: information architecture, user flows, wireframing, prototyping, interaction design, design systems, accessibility

Tools & Domain: Figma, FigJam, Miro, Notion, HTML, CSS, React, SQL basics, AI-assisted synthesis and prototyping, healthcare operations, EMR workflows, Lean Six Sigma

PROFESSIONAL EXPERIENCE

Content Designer, Contract | Mobbin

Remote | Mar 2026 - Present

- Capture and analyze mobile UI patterns across thousands of apps, documenting user flows, navigation, interaction design, visual hierarchy, and microcopy.
- Surface reusable patterns across product categories to support pattern libraries, design systems, and workflow decisions.

Trainer / Specialist, UX Research & Internal Tools | Memorial Sloan Kettering Cancer Center

New York, NY | Jan 2022 - Jul 2024

- Improved internal-tool task completion by 25% for 21,000+ clinical and administrative staff through stakeholder discovery, workflow analysis, UX research, usability testing, and shipped changes with engineering and operations.
- Redesigned staff onboarding using feedback data to improve user comprehension, process consistency, and adoption.

Commissioned Officer | NJ Army National Guard

2013 - 2026

Platoon Leader -> Company Commander, Medical Company -> Brigade Medical Supply Officer

- Cut medical resupply time by 85% and spending by 60% while improving coordination by 15% across seven aid stations in three countries by designing data-driven tracking and cross-unit workflows.
- Directed medical logistics for 5,000+ soldiers and \$2M in supplies in Iraq while absorbing the vacant Medical Operations Officer role and reporting medical operations to the Pentagon.

Administrative Assistant / Office Coordinator | Memorial Sloan Kettering Cancer Center

New York, NY | 2018 - 2022

- Reengineered healthcare certification workflows for a 70% efficiency gain by simplifying handoffs, reducing errors, and improving process visibility.
- Cut organization-wide EMR process costs by 20% by leading a workflow redesign; contributed UX and operational input to an internal SharePoint rollout.

SELECTED PRODUCT PROJECT

Founder, Product Designer, Developer | Grove - Plant Care App

Independent project | 2025 - Present

- Designed and built a full-stack plant-care application now in beta, owning early user research, MVP information architecture, task flows, visual design, React front end, beta testing, and iteration.

EDUCATION & CREDENTIALS

Education: Master of Healthcare Administration, with honors, Rutgers University; Bachelor of Science, Public Health, Rutgers University; Associate of Science, Valley Forge Military College

Credentials: Google UX Design Certificate; Lean Six Sigma Green Belt, Purdue; UX, Data Analytics & Software Engineering Bootcamps, Noble Desktop
