

HILLARY ESPOSITO

PRODUCT DESIGNER | CONSUMER EXPERIENCES, DESIGN SYSTEMS & AI-ASSISTED PROTOTYPING

New York City | 908-616-2712 | espositohillary@gmail.com | hillaryesposito.org | linkedin.com/in/hillaryesposito

PROFESSIONAL SUMMARY

Product Designer who turns complex workflows into clear, accessible digital experiences from user research through developer-ready prototypes and implementation partnership. Built and tested a functional React consumer-app prototype after research narrowed the MVP from 11 features to 3; improved internal-tool task completion by 25% for 21,000+ staff through usability testing and shipped changes with engineering and operations. Brings mobile pattern fluency, design-system judgment, AI-assisted prototyping experience, and 13+ years in high-stakes healthcare and military environments.

CORE SKILLS

Product Design: end-to-end product design, user-centered design, interaction design, information architecture, user flows, wireframing, low- to high-fidelity prototyping, visual hierarchy, design systems, responsive web, accessibility

Research & Delivery: user research, qualitative and quantitative data, usability testing, research synthesis, journey mapping, workflow and task analysis, design critique, Agile collaboration, stakeholder management, developer handoff

Tools & Technical: Figma, FigJam, Miro, Notion, HTML, CSS, React, SQL basics, AI-assisted prototyping and front-end implementation

SELECTED PRODUCT BUILD

Founder, Product Designer, Developer | Grove - Plant Care App

Independent project | 2025 - Present

- Reduced Grove's MVP from 11 features to 3 by surveying plant owners and translating findings into information architecture, task flows, reminders, and progress feedback.
- Designed, built, and tested a responsive React consumer-app prototype, now in Phase 2 of 3, owning visual design, interface states, front-end implementation, usability iteration, and WCAG AA color-contrast targets.
- Used AI-assisted tools to accelerate competitive review, prototyping, and implementation while retaining responsibility for research interpretation, interaction decisions, human overrides, and quality review.

RELEVANT EXPERIENCE

Content Designer, Contract | Mobbin

Remote | Mar 2026 - Present

- Document end-to-end mobile product flows across three finance apps, capturing 200+ screens per app across onboarding, navigation, feature entry points, edge cases, and screen states for a design reference library used by product teams.
- Analyze reusable interaction and visual patterns across thousands of apps to support design systems, design critique, and product-workflow decisions.

Trainer / Specialist, UX Research & Internal Tools | Memorial Sloan Kettering Cancer Center

New York, NY | Jan 2022 - Jul 2024

- Improved internal-tool task completion by 25% for 21,000+ clinical and administrative staff through stakeholder discovery, workflow analysis, UX research, usability testing, and shipped changes with engineering and operations.
- Mapped complex workflows and tested task paths, translating findings into clearer tool behavior, onboarding, and implemented process changes.

Commissioned Officer | NJ Army National Guard

2013 - 2026

Platoon Leader -> Company Commander, Medical Company -> Brigade Medical Supply Officer

- Introduced data-driven tracking across seven aid stations in three countries, reducing medical resupply time by 85% for a brigade of 5,000+ soldiers while directing \$2M in medical supplies.

Administrative Assistant / Office Coordinator | Memorial Sloan Kettering Cancer Center

New York, NY | 2018 - 2022

- Reworked an at-risk CPR certification workflow by translating technical and legal requirements into plain language, helping the department complete every certification before the deadline.

EDUCATION & CREDENTIALS

Education: Master of Healthcare Administration, with honors, Rutgers University; Bachelor of Science, Public Health, Rutgers University; Associate of Science, Valley Forge Military College

Credentials: Google UX Design Certificate; Lean Six Sigma Green Belt, Purdue; UX, Data Analytics & Software Engineering Bootcamps, Noble Desktop
