

HILLARY ESPOSITO

PRODUCT DESIGNER | COMPLEX WORKFLOWS, CODED PROTOTYPES & DESIGN SYSTEMS

New York City | 908-616-2712 | espositohillary@gmail.com | hillaryesposito.org | linkedin.com/in/hillaryesposito | English/Spanish

PROFESSIONAL SUMMARY

Product Designer who turns complex workflows into clear, scalable experiences through user research, interaction design, rapid prototyping, and hands-on implementation. Built Grove from early research and information architecture into a functional React prototype, now in Phase 2 of 3; improved internal-tool task completion by 25% for 21,000+ staff by translating evidence into shipped changes with engineering and operations. Brings systems judgment from healthcare and military environments, AI-assisted prototyping experience, and a high bar for accessible UX.

CORE SKILLS

Product Discovery: stakeholder discovery, user research, usability testing, feedback synthesis, workflow analysis, task analysis

Product & Interaction Design: information architecture, user flows, wireframing, prototyping, interaction design, visual hierarchy, onboarding, accessibility

Systems & Scale: design systems, pattern libraries, reusable interface patterns, complex internal tools, cross-functional alignment

Tools & Technical: Figma, FigJam, Miro, Notion, HTML, CSS, React, SQL basics, AI tools for prototyping, documentation, synthesis, and analysis

SELECTED PRODUCT BUILD

Founder, Product Designer, Developer | Grove - Plant Care App

Independent project | 2025-Present

- Designed and built a functional plant-care prototype in React, now in Phase 2 of 3, owning early user research, MVP information architecture, task flows, visual system, front-end implementation, prototype testing, and iteration.
- Used AI-assisted tools to accelerate prototyping and implementation while retaining responsibility for research interpretation, information architecture, interaction decisions, and quality review.

RELEVANT EXPERIENCE

Trainer / Specialist, UX Research & Internal Tools | Memorial Sloan Kettering Cancer Center

New York, NY | Jan 2022-Jul 2024

- Improved internal-tool task completion by 25% for 21,000+ clinical and administrative staff through stakeholder discovery, workflow analysis, UX research, usability testing, and shipped changes with engineering and operations.
- Anticipated usability risks by mapping complex workflows and testing task paths, then translated findings into clearer tool behavior, onboarding, and process changes.
- Redesigned staff onboarding using feedback data to improve user comprehension, process consistency, and adoption.

Content Designer, Contract | Mobbin

Remote | Mar 2026-Present

- Capture and analyze mobile UI patterns across thousands of apps, documenting user flows, navigation, interaction design, visual hierarchy, and microcopy.
- Surface reusable patterns across product categories to support pattern libraries, design systems, and product-workflow decisions.

Commissioned Officer | NJ Army National Guard

2013-2026 | Platoon Leader -> Company Commander, Medical Company -> Brigade Medical Supply Officer

- Designed data-driven tracking and coordination workflows across 7 aid stations in 3 countries, cutting resupply time by 85%, reducing spending by 60%, and improving coordination by 15%.
- Directed medical logistics for 5,000+ soldiers and \$2M in supplies in Iraq, translating complex operational data into clear decisions for technical and non-technical stakeholders under severe constraints.

Administrative Assistant / Office Coordinator | Memorial Sloan Kettering Cancer Center

New York, NY | 2018-2022

- Reengineered certification workflows for a 70% efficiency gain and led an EMR workflow redesign that reduced costs by 20% organization-wide.

EDUCATION & CREDENTIALS

Education: Master of Healthcare Administration, with honors, Rutgers University; Bachelor of Science, Public Health, Rutgers University; Associate of Science, Valley Forge Military College

Credentials: Google UX Design Certificate; Lean Six Sigma Green Belt, Purdue; UX, Data Analytics & Software Engineering Bootcamps, Noble Desktop
